The following is an examiner's statement of reasons for allowance:

The amendment to the claims requiring the herein claimed alkaline polymer, the hydration inhibitor and the addition polymer to be different is considered to overcome the prior art rejection of the claims. Applicant is considered to have implicit support for this limitation, since the specification as originally filed would support both the situation when the components are the same and the situation when the components are different.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth D. Wood whose telephone number is 571-272-1377. The examiner can normally be reached on M-F, 5:30-2:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1233. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
